

ONE AND ONLY
BURGMAN
-STREET-

“ONE AND ONLY”

The product concept for the new BURGMAN STREET aims to convey unique styling that cannot be found anywhere else, combined with a fine balance of comfort, performance and fuel efficiency. Built to provide a satisfying riding experience and practical convenience in everyday use, it makes a unique statement that instils pride of ownership.

STYLE REDEFINED

**LED HEADLAMP &
TURN SIGNALS**

Split-lens LED headlamps boost visibility with better front and side illumination. LED position lights and sleek turn signals complete the look.

**INTEGRATED LED REAR
COMBINATION LIGHT**

Enhances the tail's elegant styling with integrated turn signals, while its smart positioning above the outer lid ensures a clean design and prevents fuel contact during refuelling.

SMOKED WINDSCREEN

Body-mounted windscreen with a dark smoked finish adds a refined touch and enhances its sleek, premium appeal.

**DISTINCTIVE MUFFLER
DESIGN**

Stylish upswept muffler with sharp lines enhances its premium look, while allowing rear wheel removal without detaching the muffler.

DISTINCTIVE EMBLEM

GRAB BAR

PERFORMANCE OPTIMIZED

SEP ENGINE

The SEP engine delivers high fuel efficiency and excellent acceleration performance. Its optimized intake system, high-compression design, and precise fuel injection enhance power delivery and efficiency. A lightweight, low-friction construction improves durability and smoothness, while the optimized CVT ensures responsive acceleration and effortless everyday performance.

ONE-WAY CLUTCH FOR QUIETER START

A roller-type one-way clutch ensures quieter starts, while the new clutch enables reliable ignition even at temperatures as low as -10°C .

OPTIMIZED CVT SETTINGS

The CVT is optimized to provide satisfying acceleration at low RPM while effectively limiting fuel consumption.

IDEAL COMBUSTION EFFICIENCY

A high compression ratio enhances performance and efficiency, while optimized intake and combustion design improve airflow and mixture dispersion. Advanced features like the M-shaped squish area and swirl flow ensure efficient combustion and smooth power delivery.

FUEL INJECTION & OPTIMIZED INTAKE VALVE

Precise fuel delivery ensures efficient combustion, smooth performance, lower emissions, while the advanced intake valve design enhances airflow and overall efficiency.

GREATER TORQUE AT LOWER RPM

Tuned to deliver higher torque at lower RPM, with peak torque at 5,250 RPM for improved responsiveness in city riding. This enhances fuel efficiency and improves the feel of acceleration.

EVERYDAY COMFORT

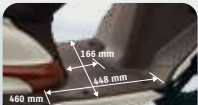

12-INCH REAR TYRE

Stylish 12-inch cast aluminium wheel with tubeless tyres ensures confident grip, smooth ride, and stability, while allowing easy rear wheel removal without detaching the muffler.

LONG AND COMFORTABLE SEAT

Stylish, long, well-padded seat ensures maximum comfort and ample space for rider and passenger, with a shape that allows easy foot reach at stops.

SPACIOUS FLOORBOARD

Long, wide floorboard allows flexible foot positioning for comfort, with dedicated front footrests to stretch out during relaxed cruising.

TUNED SUSPENSION

Optimized front and rear setup ensures smooth comfort, stable road-holding, and nimble handling, even on uneven surfaces.

COMBINED BRAKE SYSTEM

Distributes braking force between front and rear for balanced stopping, with a 190 mm front disc and 130 mm rear drum ensuring stable braking performance.

REDESIGNED FRAME

25% more rigid yet lighter, enhancing fuel efficiency, stability, and confident cornering for improved overall performance.

LONG WHEELBASE & GROUND CLEARANCE

The 1,285 mm wheelbase ensures excellent straight-line stability, while 160 mm ground clearance handles bumps with ease. An optimized seat shape allows easy foot reach for added confidence.

REAR BRAKE LOCK

A switch on the left brake lever locks the rear wheel, keeping the BURGMAN STREET 125 steady during brief stops, enhancing comfort and convenience while you wait.

CONVENIENCE MEETS REASSURANCE

UNDERSEAT STORAGE

Spacious 24.6L compartment fits a full-face helmet and essentials, keeping items secure and protected.

SUZUKI EASY START SYSTEM

One-touch start/stop switch for quick, effortless engine ignition.

PASS & HAZARD SWITCHES

Pass switch signals overtaking, while hazard lights enhance visibility during emergencies.

COVERED FRONT COMPARTMENT WITH USB

Large enough to accommodate a large-screen smartphone and houses a standard-equipment 2A USB outlet for charging smartphones.

QUICK-ACCESS FRONT RIGHT POCKET

Handy storage for a 500ml bottle or small essentials within easy reach.

DUAL UTILITY HOOKS

Sturdy hooks for carrying bags; rear hook is lockable and foldable for added convenience.

UNDERSEAT HELMET HOOKS

Two hooks allow secure hanging of helmets when parked.

KICK START CAPABILITY

Enables starting even with low battery, ensuring reliability.

SIDE STAND INTERLOCK

Prevents engine ignition while the stand is down, improving safety.

MULTI FUNCTION KEYLESS SYSTEM (RIDE CONNECT TFT EDITION)

This system allows the rider to start the engine, open the fuel lid, and access the under-seat storage when carrying the remote fob. It also features an answer-back function. The main switch integrates control of the seat opener, steering lock, and fuel lid lock in a single location.

TAIL-MOUNTED EXTERNAL LID

Enables easy refuelling without opening the seat, preventing spills on the floorboard or belongings. The lid opens conveniently with the ignition key.

THEFT DETERRENT KEY SYSTEM (RIDE CONNECT EDITION)

Magnet-coded shutter deters theft, with integrated seat and fuel lid openers for ease of use.

INNOVATION ON THE GO

SUZUKI RIDE CONNECT

THE RIDER CAN CONNECT A SMARTPHONE RUNNING iOS OR ANDROID™ VIA A BLUETOOTH® CONNECTION AND AS DESCRIBED BELOW, ACCESS A VARIETY OF CONNECTED FEATURES & USEFUL INFORMATION ON BOTH THE COLOR TFT LCD SCREEN AND THEIR SMARTPHONE.

DAY MODE

NIGHT MODE

The BURGMAN STREET 125 is equipped with a large TFT LCD screen that features a clean and intuitive layout. Not only does it keep you fully aware of all the onboard systems, settings and real-time operating status, but also provides added functionality when connected to your smartphone. It can even notify you if a preset speed is exceeded.
