Engine type	Liquid-cooled, 4-stroke, SOHC, 4-valve
Displacement	155 cc
Bore & Stroke	58.0 mm x 58.7 mm
Compression ratio	11.6 : 1
Maximum horse power	13.9kW (18.8PS) / 10000rpm
Maximum torque	14.1N.m (1.4kgf-m) / 7500rpm
Clutch type	Wet, Multiple Disc
Fuel system	Fuel Injection
Transmission type	Constant Mesh, 6-speed
Starting system type	Electric starter

Dimensions

Overall length	2,015 mm
Overall width	800 mm
Overall height	1,870 mm
Maximum ground clearance	170 mm
Kerb weight (with oil and a full fuel tank)	138 kg
Seat height	816 mm
Wheelbase	1,325 mm
Head tube diameter of front fork	37.0 mm
Fuel tank capacity	10 l

Other Information

Battery	12 V, 4.0 Ah
Clock	Digital
Y-Connect (Smartphone Bluetooth Connectivity)	Equipped
VNA	Equipped
Gear Position Indicator	Equipped
Fuel consumption indicator	Equipped
Shift timing light	Equipped
VNA indicator	Equipped
Side stand engine cut-off switch	Equipped
Headlight	LED
Position light	LED
Brake / tail light	LED
Speedometer	Digital
Tachometer	Digital
Fuel gauge	Digital

Chassis

Frame type	Deluxe
Suspension type (front/rear)	Telescopic Upside Down / Monocross Suspension
Brake type (Front)	Disc Brake (282 mm)
Brake type (Rear)	Disc Brake (220 mm)
Tire size (Front)	130/90-17M/C 50# Tubelless
Tire size (Rear)	140/70R-17M/C 60H Radial Tubelless
ABS	Single Channel ABS

The call of the BLUE

the dark side Japan

UNLEASH YOUR DARK. MT-15 VERSION 2.0

The Dark Warrior

The MT 15 V2 is a pure trail hyper naked motorcycle and is one of the most dynamic light weights from the MT stable. This bike has all the traits of a hyper naked with its age handling, side stand and ultra light weight of 159 kg.

The impeccably styled MT 15 V2 with its gold color Upside Down Front Forks, the full functional LCD Headlight and the Aluminium Swingarm gives the motorcycle an aggressive and intimidating look. This hyper naked bike will not only give you the thrill you seek but will also inspire immense confidence in the rider.

155CC LC4V FI Engine

The powerful naked Yamaha MT 15 V2 is future proof with its BS VI compliant engine. Powering the MT 15 V2 is the amazing 155cc LC4V engine that gives you ample amount of power on tap.

VVA

This is a one of a kind high performance VVA system that provides torque for ease of use even at low RPM. There are two intake valve cams, one for low to mid range rpm and another for high rpm. They switch between each other at the 2800 rpm mark to ensure good power and torque is present throughout the entire rev range.

ASC

An ABS (Anti-lock Brake) clutch is adapted to reduce the weight of the clutch and provide low-stress driving during deceleration. The ABS helps to reduce skidding for the ABS. This also prevents excessive engine braking, thus reducing its effects on chassis behavior. The ABS clutch allows for smooth, enjoyable downshifts.

6-Speed Transmission

Make shift gears without jerking about economy. The MT 15 V2's 6-speed transmission lets you cruise at low RPM even in higher gears, thus saving fuel without missing on the thrill.

ADVANCED LCD INSTRUMENT CLUSTER WITH Y-CONNECT

Take advantage of all the information that the newly designed instrument cluster has to offer. After all, a well informed rider is a better rider.

Now you can stay connected even on the road. The Yamaha Y-Connect App displays phone notifications on your instrument cluster screen.

CALL ALERT
Alerts you of any incoming or missed calls.

SMS & EMAIL
Get notified every time you receive a message or email on your phone.

APP CONNECTIVITY STATUS
Inform you of the bike's connectivity with the Y-Connect app on your phone.

PHONE BATTERY LEVEL STATUS
Display the smartphone's battery level.

Fuel Consumption Tracker
This feature helps you track your daily and monthly fuel consumption.

Maintenance Recommendations
This app considers and analyzes the bike data and sends you recommendations.

Last Parking Location
This feature gives you information about where you last parked your bike. If the motorcycle has been moved since it was parked, it cannot be tracked via this function.

Malfunction Notification
In case of a breakdown or malfunction, the app returns to an SMS on the smartphone.

Phone Disconnection
The smartphone screen can act as a Back Dashboard to display additional data.

Ranking
Notifies a ranking of all Yamaha riders in terms of distance and average riding.
