BORN OUT OF LINE

The Red Wolf

Under the red moon,
A wolf is born.

Is it the stance?
A silence on the prowl.

Maybe it's the howl,
That surges from its core.

But the alpha doesn't need reasons,
It wasn't built to be liked.

It was built to be itself,
And when it moves,
the pack follows.

The Red Wolf
has arrived.

Chrome with Characters

Not just an accent.
An attitude.
Across the exhaust,
engine and handlebar,
the chrome-finished
exhaust gleams with
every throttle twist.

Features that
command

New Bold Colourway and Decals

Bold lines over the commanding red finish. Designed to amplify the Red Wolf's stance, these graphics don't decorate, they declare. One look and it's clear this isn't a bike that blends into the herd.

New Brown Seating

The earthy brown tanned seat complements the fierce red finish with refined contrast. Equal parts comfort and craftsmanship, it softens the stance without dulling the edge.

350 *alpha2*
**Liquid-Cooled
Engine**

334cc liquid-cooled engine with power that kicks hard when you want speed, holds steady when you want control, and is built to take on every kind of road without breaking a sweat.

**Widest
-In-Segment
150-Section
Rear Tyre**

Extra width. Extra grip. Extra confidence. The beefier rear tyre locks you to the road, giving you better stability and control, making touring feel second nature.

Detachable Pillion Seat

Twin seat? Single seat?
Your call. Switch between
the two without hassle.
The Roadster's pillion seat
pops off without fuss,
giving you a cleaner,
meaner look when you
want it.
